

★Photochemical Smog Warnings★

Photochemical Smog occurs between spring and summer when the air is stagnant and temperature is high.

○Warning Announcement

Can be confirmed at Homepage of Tochigi Prefecture 『Tochigi-no-sora』, Tochigi Disaster Prevention Mail, City Office and Community Centers.

○When Photochemical Smog Alert is announced

Avoid intense outdoor exercises, and refrain from unnecessary driving.

○If you develop irritation in the eyes and throat

Wash your eyes or gargle with water immediately.

If you feel difficulty in breathing or pins and needles in hands and feet, please arrange a visit to the doctor.

◆For more contact the Ashikaga Environmental Policy Section (☎0284-20-2152).
